

IMO MobilizationSM

Ensuring your M&A delivers on targeted ROI

What is IMO MobilizationSM?

The IMO (Integration Management Office) is the engine room of any M&A transaction. Our IMO MobilizationSM platform is engineered for mid-market acquisition activity, and facilitates rapid planning & execution of all critical requirements for effectively managing any acquisition and carve-out transaction.

IMO MobilizationSM bridges an organization's capability gap to ensure flawless M&A execution.

This approach has been implemented on over 35 integrations globally since 2017.

Built for Repeatability –

New and add-on acquisitions for PE firm portfolio companies

IMO MobilizationSM is a turn key methodology that includes the most essential planning & execution elements to run a successful integration or carve-out project.

Built for Growth –

Ideal for corporate clients

Corporate clients also use with Global PMI Partners to establish a robust internal competency and to fill resource needs when acquisition and SME level integration experts are required.

Benefits of IMO MobilizationSM

- Rapid internal deployment & accelerated integration time frame
- Mitigates risk before problems arise to minimize business disruption
- Proven synergy program management & tracking framework
- Utilizes proven tools & templates to speed execution and delivery quality
- Leverages the experience from hundreds on integrations to avoid common pitfalls
